Future of Brand Alignment

As a collective movement, we can position your brand as part of a holistic and emotional experience in the context of entertainment platforms such as public events, private parties, physical and online media.

The Quantum Collective draws upon our extensive backgrounds, cultural tastes and technologies to provide innovative solutions that add value to your brand's reach and stays within the realm of your budget. From product donations and sampling, hyper-local and viral marketing, music placement and brand alignment, event sponsorship and charity support... we can quickly tailor a sensible and effective campaign.

You can choose to align with our efforts leading up to and during festivals and conferences including, but not limited to:

GRAMMY® Week private party in Los Angeles, CA: February 9, 2012
SXSW® Interactive, Film and Music in Austin, TX: March 9-18, 2012
Coachella Valley Music and Arts Festival in Southern California: April 13-22, 2012
Comic-Con national conventions: Summer 2012 and beyond

During SXSW 2012, we will hold artist showcases and events to coincide with the Interactive, Film and Music festivals. Events confirmed thus far include a concert on the rooftop plaza of the Whole Foods global headquarters store in downtown Austin, on Friday and Saturday evenings [March 16-17, 2012], as well as targeted industry gatherings at a private home in Austin from March 13-18, 2012, and events planned at several other downtown Austin venues.

Many of our brand and technology partners will launch new platforms, products and services during SXSW and other main entertainment based events in order to encourage synergies among artists, brands and media partners.
